COMPANY OVERVIEW

Home of the Bonita Bananas® brand — Ecuador

WHO WE ARE

Noboa Trading is one of Ecuador's leading banana export companies, with more than 80 years of experience serving international markets from the heart of one of the world's foremost banana-growing regions. Ecuador has long been the world's largest exporter of bananas, and our company has been part of building that reputation — from our first shipments decades ago to the modern, temperature-controlled supply chains we operate today.

Our roots trace back to the pioneering export ventures of the Noboa family, whose founder began exporting Ecuadorian agricultural products in the 1930s and expanded into banana exports in the years that followed, laying the foundation for what would grow into one of the country's most recognized names in fresh produce.

The Bonita Premium Pack — 100% Ecuador, ready for export to markets worldwide.

OUR FLAGSHIP BRAND: BONITA BANANAS

Our principal product is the premium banana marketed worldwide under our Bonita Bananas® brand — a name that has stood for quality and consistency in the banana trade for more than 70 years. Today, Bonita is recognized as one of the world's largest privately owned banana brands, with a presence in supermarkets and wholesale markets across Europe, the Middle East, Asia, the United States, South America, and Oceania.

That reach is supported by a substantial productive base — dozens of company and partner plantations along Ecuador's coast — and by quality control that follows the fruit from the field, through packing, to the cold chain that carries it to the markets. It is a hands-on approach on traceability, with oversight built into every stage of production, that has allowed the Bonita name to be trusted by distributors and retailers around the world.

OUR PRODUCT PORTFOLIO

While conventional Bonita Bananas remain the heart of our business, we have built a portfolio that lets our clients source a full range of Ecuadorian fruit through a single, reliable partner:

- Bonita Bananas® — our premium conventional banana, cultivated and packed to exacting quality standards for year-round supply.
- Bonita Organic® — certified organic bananas grown under sustainable agricultural practices, for markets that demand organic certification and traceability.
- Plantains — quality plantains for both retail and food-service markets.
- Baby Bananas — a specialty, smaller-format banana favored by discerning retail and gourmet buyers.

GLOBAL REACH

From our operations base in Ecuador, Noboa Trading and the Bonita Bananas brand ship to clients across six continents. We maintain long-standing commercial relationships in Europe (a core and historic market for Ecuadorian bananas), the Middle East, Asia, the United States, South America, and Oceania — backed by the logistics experience needed to move perishable fruit reliably across long distances and diverse markets.

QUALITY & SUSTAINABILITY

Ecuador's coastal growing regions, combined with decades of agronomic know-how, allow us to offer fruit of consistent size, ripeness, and shelf life. We continue to invest in sustainable growing practices — including reduced-impact and biodegradable inputs — and in the certifications our international clients require, reflecting our commitment to responsible agriculture and to the communities and land that make our business possible.

Our packing teams wash, sort, and prepare every bunch under strict hygiene and quality standards.

LET'S DO BUSINESS TOGETHER

We are always glad to welcome new clients and partners to the Noboa Trading and Bonita Bananas family. Whether you are looking to source premium conventional bananas, organic fruit, plantains, or baby bananas, our team would be delighted to discuss volumes, pricing, and logistics tailored to your market.

If you would like to explore doing business with us, please reach out directly to our Commercial Manager, Leonardo Noboa, who will be happy to assist you and answer any questions.
